COMPANY PROFILE

What began as a quest of fulfilling the three basic needs of life - Food, Clothing & Shelter has today come a long way in with successful business ventures in the Apparel, Realty and F&B industry. While a decade may have passed since its inception but at Taption, the core philosophy remains the same; impacting lives keeping the three basic human needs in mind - *Roti, Kapda aur Makaan*.

YOU DREAM. WE EMPOWER.

Taption Group began its entrepreneurial journey with the intention of meeting the first basic need of man - that of clothing. Our founder, Mr Sharfuddin Khan, made a humble foray into the apparel market back in 2009 enabling him to explore markets and interact with people from all stratas of society. Having created a mark in the import and distribution of affordable, high quality athleisure garments sector, our founder began the journey of exploring the next basic need in life - that of shelter. With its first estate procurement in 2015 and a subsequent project development in 2016, Taption Group officially began its journey of building quality, affordable homes and commercial establishments. After close to 15 real estate development projects in landmark locations of Eastern India and a handful ongoing ventures, 2023 presented the opportunity to foray into the third basic need of man - that of fooding. Thus began the journey of Taption Food & Beverages with the mission of generating employment & enabling ease of access to high quality dairy products at para urban locations of Bengal. As of 2024, the mantra of Taption Group has come a complete circle. Clothing for all. Housing for all. Fooding for all. And using this ecosystem for providing opportunities of employment for all

CEO'S MESSAGE

Sharfuddin Khan

“FROM THE SOIL, FOR THE SOIL”

At Taption, our philosophy has always been empowering people with necessities. Today, with rapid globalization and technological advancement, at a superficial level, our world may have come a long way from basic human needs, however, once we dive a little deeper, our society at large is far from a balanced socio-economic holistic development. Basic human needs continue to remain a dream for countless families. At Taption, we aim to inspire & empower all to achieve their dreams of having clothing, fooding & a home. And in this journey over a decade and a half, we have touched countless lives.

Mr Sharfuddin Khan, the Group's founder, initially focused his endeavors on expanding his family-run business of import and distribution of garments. With time, he focused his endeavors on hire purchase/lease-financing and development of real estate, eventually venturing into the Food & Beverage industry.

As of today, the Group has evolved into a diversified conglomerate, encompassing various industry verticals such as media, cold storages and estate management. We remain consistently open to exploring novel markets and ventures.

Clothing for all. Housing for all. Fooding for all. And using this ecosystem for providing opportunities of employment for all remains our core philosophy.

VISION & MISSION

Vision

Clothing for all. Housing for all. Fooding for all. And using this ecosystem for providing opportunities of employment for all

Mission

Taption Group envisions creating a self-sustaining, socio-economically inclusive platform to bridge the gap between dreaming and achieving for the masses.

Dreaming

We are committed to creating a society where even the most backward of its members dare to dream

Growing

We believe in constantly challenging ourselves to find newer horizons to explore and empower

Succeeding

Our corporate policy ensures that our stakeholders obtain value and growth in not just business but also in life

2009 Garments

With the advent of social media global trends today are no longer restricted to geographical locations and understanding of this gave us a first mover advantage in the affordable athleisure garment space. The presence of multi generational commercial establishments in various para urban markets of west bengal helped us penetrate into the affordable fast fashion industry for various socio economic demographics.

2015 Real Estate

Throughout various cultures and generations the one aspiration that continues to stay common is that of homeownership. We at Taption group take pride in playing a vital role in making this dream come true for more than 100 families in eastern india with more than 1 lakh sq ft of commercial and residential projects in central business districts of the city of Kolkata we at Taption aim at providing affordable sustainable landmarks to foster the growth of the urban population

2023 Food & Beverages

Our pursuit in the F&B sector began with the mission of making quality frozen desserts available in the remotest part of our nation and this led us to the creation of global quality standards cold storages
